a community-wide celebration of place

*If you don't know where you are, you don't know who you are.*
—Wendell Berry, farmer, poet

The Columbia River Gorge is one of the most beautiful and awe-inspiring places anywhere, and we live here! **We Are Here: Geography of the Heart** is a community-wide celebration of Skamania County and the Columbia River Gorge.

This May, join your neighbors and friends as we create a large map of the area in the Stevenson Community Library Gallery and add our personal stories to the map. Plus, come autograph the We Are Here Signature Art Piece. The art piece will be created from our autographs, signifying that **We Are Here**!

During the months of May and June, we’ll have presentations on local geology, local flora and fauna, gardening, farming, transition towns, wildfire, and more at the library and the Columbia Gorge Interpretive Center.

**How can you participate?**
- Help create the map
- Facilitate or come as a volunteer for a program
- Attend programs • Get the word out

(This project is sponsored by the Stevenson Community Library, Fort Vancouver Regional Library, Friends of the Stevenson Library, and the Columbia Gorge Interpretive Center.)
