City of Stevenson,

On behalf of the Community Events and Recreation team, I would like to thank you for the support you gave us with the Columbia Gorge Bluegrass, Skamania County Fair and Timber Carnival and the Agricultural Exposition in 2016.

As you know the Lodging Tax helps support the operations and the marketing of our events to bring people in the county to stay, enjoy and spend money here. Without your contributions each of these events could not survive in this capacity. There would be no way for us to get the word out and attend events promoting our county and events. We truly appreciate you for making it happen.

Attached is a accounting of our expenditures in the order it appears on the main spreadsheet. We hope to partner with you on these events or other like it in the future.

Sincerely,

Alex Hays  
Manager of Cultural Events and Recreation
