Re: **2nd Street Traffic & Pedestrian Safety**

One of the causes of excessive truck traffic in downtown Stevenson is Oregon trucks driving on the Washington side of the river to avoid paying Oregon's weight-mile tax. Several community members asked us to provide information about how to write our legislators to ask for legislative assistance with this problem. A copy of a letter recently sent by the City of Stevenson to our elected officials is attached for your information. You may write or email our elected officials at the following addresses:
