

UTILITY RATE CHANGES

NEW RATES

JANUARY 1, 2018

Connected to
City Sewer?
There is now a
Downspout/
Sump Pump
Charge.

New Residential Base Rates

Water: \$24.39 (inside city)
Sewer: \$44.93

New System Development Charges

¾" Residential Water Service: \$7,779
¾" Residential Sewer Service: \$5,607

These rate changes are to help fund future system maintenance and upgrade projects. One major project still being refined is the wastewater treatment plant. The design phase of the project is expected to start in 2018 and be completed by the end of 2019. Currently, the plan is to begin construction in 2020 and have the upgraded plant fully operational at the end of 2021.

Call or email City Hall to avoid monthly \$10 charge.
